EMERGENCY & DISASTER PLAN

PURPOSE

The Clifton Springs Library has adopted this Emergency & Disaster Plan to ensure precautionary, response, and recovery measures to an emergency or disaster threatening to impact or immediately impacting the library's facilities, materials, staff, or community members.

The primary goals of Clifton Springs Library's Emergency & Disaster Plan are to establish:

- The roles and responsibilities during all phases of an emergency or disaster
- Preparedness activities and response measures
- Coordination and decision making processes

The Emergency & Disaster Plan is designed to preserve the continuity of core library resources and services as best as possible, minimize economic loss, and achieve recovery.

ADMINISTRATION

The In-House Emergency Team, led by the Director, administers the Emergency & Disaster Plan. This includes activating the plan, establishing an internal communications network, and coordinating all recovery activities. If, for any reason, the Director is unable or unavailable to lead the team, administrative authority shall be passed to the Board President.

The In-House Emergency Team will include the Director, Board President, and a designated senior member of the library staff.

RISK ASSESSMENT

Risk Assessment is the determination of potential events, emergencies, and disasters that could cause service interruptions. The Director, Facilities Committee, and In-House Emergency Team will periodically evaluate the library and its facilities to minimize the threat of emergency or disaster and to formulate response plans to emergencies or disasters.

Activities include:

- Identify possible hazards
- Analyze strengths, weaknesses, and vulnerabilities of the library's ability to handle emergencies and disasters
- Engage in preventive building maintenance
- Inventory collection, equipment, furniture, electronics, and supplies
- Implement thorough cleaning and disinfecting procedures
- Implement consistent opening and closing procedures
- Provide regular staff training on key locations of building turn offs, security and fire systems, and vital infrastructure and equipment.

Parts of the Risk Assessment activities may include consultation with officials of the Village of Clifton Springs, insurance agent, Pioneer Library System staff, and other local experts and stakeholders.

STAFF TRAINING

Regular staff training may help reduce the risk of an emergency or disaster. Training prepares the staff to safely and appropriately respond to an emergency or disaster to minimize damage or injury should an emergency or disaster occur.

Staff training will include an annual review of this Emergency & Disaster Plan. Staff training may also include, but is not limited to, the following topics:

- CPR Training
- First Aid Training
- Drills
 - Fire
 - Active Shooter
 - Lockdown
- Formal response and recovery workshops
 - Handling wet and damaged collections
 - Workplace health and safety
 - Proper use of protective clothing and equipment
 - Exposure to hazardous materials/mold

All staff should be included in training activities.

TYPES OF EMERGENCIES & DISASTERS

This Emergency & Disaster Plan was made with the health and safety of the library staff and community as the top priority. The Director is empowered by the Board of Trustees to address imminent dangers or threats to the library's facility, materials, staff, or community and will convene the In-House Emergency Team as soon as it is safe and reasonable to do so. The assumption should never be made that a situation is a drill or a false alarm.
